Description

1. On 18 October 2026, I placed an order for smartwatch on TrendCart, sold by WristWorld Retail (Order ID: TC-7781-2026) and paid ₹6,999.
2. I bought the product relying on its listing/advertisement. The product supplied does not match what was described. In my words: “I bought a smartwatch for Rs 6,999 on TrendCart because the listing said it was waterproof (5ATM) and had built-in GPS. The watch I received has no GPS and the box says only splash resistant.”
3. I raised the matter with the seller/platform on 24 October 2026 (reference: RR-664120). What I did: “I raised a return request on 24 October 2026 in the app; it was rejected the same day.”
4. The response I received: “The seller refused to accept a return, saying the product is as per description.”
5. As of 7 November 2026, the matter remains unresolved and I have not received the refund of ₹6,999 I asked for.

Expected resolution

- Refund the full amount of ₹6,999 paid and take back the product at your own cost.

Documents I can upload

- Annexure A-1: Invoice / bill
- Annexure A-2: Product listing / advertisement screenshot
- Annexure A-3: Photographs of the product / damage

Note: NCH is a pre-litigation step. The portal says it may take up to 30 days to reach a conclusion; if your grievance is not resolved, you can approach the Consumer Commission.
